NOTIFICATION OF LOSS OF SMALL ENTITY STATUS

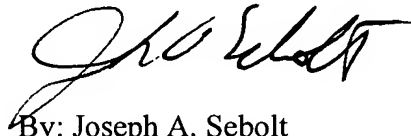

The Applicant in the above-identified patent application established small entity status in good faith when the application was filed. The lawyers in the law firm of Sand & Sebolt have recently learned through Applicant that Applicant is now a large entity. As Applicant is unsure of the exact date that it became a large entity and because Applicant does not wish to jeopardize its patent applications and patents by having paid insufficient fees for actions taken with respect to its patents and patent applications, Applicant is hereby submitting additional fees to cover any deficiencies with respect to the loss of small entity status.

Applicant thus notifies the Office that it has lost its entitlement to small entity status and respectfully requests that any error in claiming the small entity status be excused in accordance with 37 C.F.R. § 1.28(c).

The Applicant again respectfully requests that the error in claiming small entity status be excused. If any issues remain after this submission, the undersigned attorney would welcome a telephone call.

Respectfully submitted at Canton, Ohio this 7th day of September, 2004.
